DEXTER ANDERSON
ATTORNEY
RED DOME INC
SR BOX 52
FILLMORE UT 84631

Dear Mr. Anderson:

On April 28, 1994, a field compliance inspection was conducted at the site of Red Dome Incorporated's mine plan of operations, UTU-070557, which was received by this office on February 13, 1991. We appreciated your participation during this inspection. The purpose of the inspection was to discuss changes in the plan of operations and to verify the acreage used for calculating the reclamation bond.

Based on this inspection you are required to amend your plan of operations. The following changes need to be verified in writing.

1. The plan of operations submitted in 1991, listed nine mining claims under the proposed operations; located in Sections 22, 23, 26, and 27, T. 21 S., R. 6 W., SLBM.

During this inspection mining related activity was observed only on Red Dome Placer Claims No. 2, No. 3, and No. 4; located in Sections 23 and 26, T. 21 S., R. 6 W., SLBM.

2. The map submitted with your plan of operations in 1991, displayed approximately 80 acres in the project area.

The revised map submitted to UDOGM during this inspection shows significantly less acreage in the project area. We calculated approximately 16.2 acres as outlined on this map. You need to indicate the total acres proposed for disturbance in the amended plan of operations.

3. The plan of operations submitted in 1991, listed Diversified Stone Company as the operator.

During this inspection it was confirmed that Diversified Stone Company is no longer operating on Red Dome Incorporated's mining claims and that Red Dome Incorporated is now the current operator.

We have enclosed a form that may be used to amend Red Dome Incorporated's plan of operations, along with a copy of your original submittal for you to refer to. If you use this form, you must write AMENDED at the top of the form.

Please be aware, if an operator and/or claimant fails to comply with the Federal regulations contained in 43 CFR 3809, a Notice of Noncompliance will be issued, followed by appropriate remedial action.

If you have any questions regarding this matter, please feel free to contact Rody Cox at (801) 743-6811.

Sincerely,

Rex Rowley
Area Manager
